Product Brochure  
Maritime ICT Solutions

Sea of Possibilities with  
with secure satellite communications  
and smart shipping solutions

**Singtel**

# BUSINESS SOLUTIONS

## Maritime IoT (Internet of Things)

Online and real time information transfer which enables tracking of vessel conditions such as fuel consumption, carbon emissions and provides an efficient and accurate view on vessel condition and performance to achieve a pre-failure predictive protocol

## AIO SmartBox

Onboard centralised control for remote firewall settings and IT policies implementation. Generate crew prepaid PINs/vouchers with the flexibility to set time-based or volume-based options

## iNMS

A network management system that integrates all your communications systems on board and gives you access to the whereabouts and status of your vessels

## ECDIS

An Electronics Information System that lets you track the routes of your vessel and choose the most economical route

# CREW SOLUTIONS

## AIO (All-In-One)

### SIP Phone

Making prepaid and postpaid calls at affordable rates

### Shipboard Email

An email solution optimised for sending emails in the satellite communications environment

### Data

A prepaid solution for crew with time based or volume based options

## Fleet Media

A new global content distribution service which beams latest movies, television, news and sports to ships

## AIO SmartGuard Shore Firewall combats external cyber-attacks from Internet Clouds

- Intruder Prevention System
- Anti-Virus & Anti-Malware
- URL Filtering

SHORE

## IT/Fleet Manager

- Internet usage reports. Data and call logs synchronised with shore
- Obtain VPN statistics to understand the usage and fine tune IT policies

## Managed Security Services

- Firewall and URL /Content Filtering
- AIO MailProtect (endpoint Anti-Virus)
- AIO MailSecure (with Advanced Threat Protection)
- Cyber Education and Phishing Service

SMARTBOX

Full control of onboard firewall setting and easy administration of crew prepaid solution
